

EDUCATION

Degree	Specialization	Institute	Year	CPI
B.Tech	Computer Science & Engineering	Amrita Bangalore	2025-Present	7.89
12th CBSE	Physics, Chemistry, & Mathematics	Narayana College	2021	9.20
10th ICSE	-	New Baldwins	2019	9.10

WORK EXPERIENCE

- **Web Development Intern** [Zima Blue Management] May-Jul 2024
 - **Led a team of three** in designing and developing the company website, focusing on optimal **UI/UX design** principles. **Utilized Firebase** for seamless website hosting, ensuring robust performance and scalability. Oversaw the entire project lifecycle from **design to deployment**.

PROJECTS

- **Secure Multi Client-Server Communication using SSL and Hybrid RSA-AES** Mar-Apr 2024
 - Developed a **secure communication system using SSL and hybrid RSA-AES** encryption. Ensured **confidentiality, integrity, and authenticity** with efficient key exchange and message encryption
- **IoT-Enabled Pharmaceutical Inventory Management System** Jan-Feb 2024
 - Developed an inventory management system for hospital pharmacies, **automating tracking of expiry dates, and restocking supplies**. Used **MySQL** for the database and **ESP32** as the micro-controller
- **Road safety and Accident Prevention Using RF in Speed Limit Zones** Nov-Dec 2023
 - Built a Real-World project using **Arduino Uno and RF signals** to control the speed of the vehicle in **school and hospital zones to a given limit** and also bringing it to a halt when an obstacle is detected.
- **Genetic Algorithm for Intelligent Vehicle Routing in Logistics** Jun-Aug 2023
 - Implemented a genetic algorithm to **optimize delivery routes, minimizing travel time and distance**. **Enhanced logistics efficiency** by calculating routes based on coordinates, demand, and travel time.

PUBLICATIONS

- **License Plate Detection and recognition Using Yolo V8 and OCRs** [15th ICCNT, IIT Mandi] Jun 2024
 - **Presented at IIT Mandi**, Implemented preprocessing techniques to enhance accuracy and conducted comparative analysis to identify the best model to detect and recognize the license plate and characters.
- **Improving Energy Efficiency of Servers Using AWS and ML** [15th ICCNT, IIT Mandi] Jun 2024
 - **Coordinated in a team of four**, Implemented various regression algorithms to predict energy usage based on CPU parameters. Utilized **EC2 instances and Docker** to create and manage **container images**.
- **Crop Damage Detection using Machine Learning Approaches** [6th RAICS, Kochi] May 2024
 - **Collaborated in a team of four** to develop an ML model for crop damage detection. Preprocessed data, balanced datasets with SMOTE, and conducted data visualization and analysis.

CERTIFICATIONS AND EXTRA-CURRICULAR ACHIEVEMENTS/ACTIVITIES

- **Applied Gen AI and NLP Certificate** [Udemy] Jul 2024
- **Machine Learning Course with Python Certificate** [Udemy] May 2024
- Participated in **Live in Labs**, solving real-world problems in a village setting. Jan 2024
- Office Bearer of **The Epic Club**, videography club Jan 2023-Jan 2024
- **Full Stack Developer Certificate**[GeeksforGeeks] Dec 2022
- **Web Developer Certificate**[Acemgrade] Apr 2022
- Volunteered in **Ayudh** for Asia's largest hospital in **Faridabad, Delhi** Jan 2022
- Earned my **black belt in Karate**, specializing in the **Shitō-ryū** style. Jan 2020

SKILLS

- **Programming Languages:** Python, C, C++,Java, Verilog (Beginner), MySQL, HTML, CSS, JS
- **Tools:** Jupiter Notebook, LaTeX, VS Code,AutoCAD, AWS, Flask, Arduino,Figma, PowerBi
- **Soft Skills:** Leadership, Public Speaking, Team Collaboration, Problem Solving
- **Spoken Languages:** English, Telugu, Kannada, Hindi, Tamil, German(Beginner)
